4). EXTRA WORK:

If the instructor is willing to teach more than 9 classes or host more than one workshop or lecture per month, then we will pay the instructor the following payment for the extra work besides the instructor regular salary:

3,500 Japanese Yen per class (90 minutes)

3,000 Japanese Yen per hour for workshop/lecture

3,000 Japanese Yen per tutoring session (90 minutes)

5). TEXT BOOK AND MATERIALS:

Our ASL classes are taught using Signing Naturally Units1-6 and Units 7-12, might be Level 3 too. We have all of the necessary materials for the instructor to use. We also would like to continue with Deaf Studies classes or any other classes/fields whatever the instructor can teach. We will appreciate if the instructor has any advice on which books to use or ideas of how to strengthen the classes.

6). WORKSHOP AND LECTURE:

The instructor will be required to provide one workshop or lecture each month besides teaching regular classes. The instructor should inform us of his/her topic field or the area best suited to his/her experience such as Deaf History, Comparative Culture, etc.

7). AIR FARE:

JASS will not be responsible or cover the payment for an airfare. The instructor will need to make his/her own arrangement to get to Japan.

8). ACCOMMODATION/PLACE TO LIVE:

JASS also will not be responsible in providing an accommodation. The instructor will need to make a living arrangement on his/her own. However JASS will be more than glad to assist you in the process. There are Weekly Mansion (monthly apartment), Guest House for foreigners and home-staying/room for rent. Weekly Mansion may be very expensive depending on which location you wish to live. Guest House may be cheaper than Weekly Mansion, but one will have to share bath and kitchen with other people. It is a little difficult to find an appropriate home-stay and/or room for rent. Unlike in America, there is no custom of sharing room with someone except family members in Japan. Japanese houses are generally small and most do not have the luxury of having an extra bedroom. We will do our best to help in any way we can.

9). JAPANESE CULTURE, SITUATION IN JAPAN AND ABOUT JASS:

Please read or study about our culture before coming to Japan. We have a very different culture and norms as expected by westerners. The ethics at workplace are quite different and may be shocking to westerners. Tokyo Metropolitan Government had approved and recognized JASS 16 years ago as a non-profit organization (NPO). Our society was founded in 1988, teaching ASL as a Foreign Language to Deaf Japanese and hearing people. It is a rare opportunity for us to obtain a working permit for this kind of work. There are few places where it is possible to hire a Deaf American as a full-time position teaching ASL. We are blessed and thrilled that we could continue to do this year.

10). PRE-ORIENTATION BEFORE COMING TO JAPAN:

You must attend the pre-orientation before coming to Japan when it is needed.

11). OTHERS:

We highly prefer you have any certificate from ASLTA or you are graduated from the major of ASL studies or Deaf studies of a college or university in the United States. Or, you have any experiences to teach ASL in the United States or any other countries before.

We want to thank you for considering us and hope you will be interested in applying for the position of ASL Instructor. Thank you.
